## PROJECT NEWS

### PROJECT

Insulated Carport in Sydney

### PRODUCT

**INSULSPAN**  
INSULATED ROOFING PANELS

### DESCRIPTION OF JOB

Our clients wanted an attractive and fully insulated Carport and they needed panels that could span a long way eliminating unattractive and restrictive support beams. They opted for our 'Insulspan' Insulated Roofing Panels. Not only do our panels span a long way but they also provide insulation keeping you cooler in summer and warmer in winter. Our panels are easy to clean and maintain and are lightweight making the building process fast, enabling you to build in a fraction of time keeping down costs.
